

4ª edición Conferencia Internacional Nanoenergía

18-19 Septiembre 2014, Cuernava, México

Conferencia Internacional Nanoenergía (CINano14) – Cuernavaca, Mexico	
Programa	
Day 0 - 17^h September 2014	
18.00 - 20.00 Registro	
19.30 - 21.00 Welcome reception	
Opened poster session	
Day 1 - 18th September 2014	
9.00 Apertura	
Chair: Marina Rincón	
9.00- 9.30	<u>Luis Otero</u> : Photoinduced Electron Transfer through Organic-Organic and Organic-Inorganic Heterojunctions
9.30-10.00	<u>Aginaldo Gonçalves de Souza</u> , Fábio Fabris, Flávio Gonçalves de Souza: Recent advances in DSC prototyping at Tezca
10.00-10.30	<u>Rubén Vargas</u> , J.E. Diosa, D. Peña-Lara, M.E. Fernández, G.M. Aparicio: Nanostructured Proton Electrolyte Membranes Based on PVOH
10.30-11.00 Coffee Break	
Chair: Luis Otero	
11.00-11.30	<u>Marina Rincón</u> : One-dimensional TiO ₂ composite materials for energy conversion and storage
11.30-12.00	<u>Edgar Gonzalez</u> : Síntesis y mecanismos de formación de nanotubos Ag-Pt@Pt para configuración de electrodos en celdas de combustible
12.00-12.30	<u>Neyde Murakami</u> , Kassio Zanoni, Ronaldo Amaral: STRATEGIES FOR ENERGY CONVERSION DEVICES
12.30-13.00	<u>Marcio Sousa</u> , Matias E. Aguirre, Yésica Di Iorio, Rodrigo Parra, María A. Grela, Paulo R. Bueno: Ag@ZnO nanoparticles applied in dye solar cells: optical and electrochemical characterization.
13.00-15.00 Lunch	
Chair: Edgar Gonsalves	
15.00-15.30	<u>Helena Pardo</u> : to be announced
15.30-16.00	<u>Germà Garcia-Belmonte</u> : Polymer solar cells operating mechanisms
16.00-16.30	<u>Marisa Santo</u> : Dendritic nanostructures. Biomedical and Optoelectronic Applications
16.30-17.00 Coffee Break	
16.30-18.00 Poster session	
Day 2 - 19th September 2014	
Chair: Germà Garcia Belmonte	
9.00-11.00	Mesa Redonda
